Chest Drive
Moves Slowly
Officials Say

Receipts are coming slowly in the Community Chest drive for funds which campaign continues in the first week.

Just over \$2,000 was turned into campaign headquarters yesterday, bringing the total cash receipts in hand total to \$10,000.

No proceeds are expected from canvassers until near the end of the week.

George W. Jull of Calgary, fourth year engineering physics student at the University of Alberta, has been awarded both the Royal Canadian Legion Memorial scholarship of the Military Engineers' Association of Canada, and the third year engineering scholarship of the Engineering Institute of Canada.

Edmonton postal officials today announced there will be no letter carrier service on Monday, Oct. 4, Thanksgiving Day, a statutory holiday.

Postal service will be suspended, with from 8 a.m. to 8 p.m. and the postbox lobby will be open until 8 p.m. Special delivery and receipt and despatching of mails will be as usual.

A meeting of the Royal North West Mounted Police veterans will be held at 8 p.m., Oct. 6 in the reading room at the RCMP barracks.

Bird Control Company today was issued a building permit for 24 by 58 foot office and showroom at 12325 - 127 Avenue.

Worth \$65,000, the building is designed by Huie, Wyne and Rules.

Alfreders Fred Mitchell and Bill Hawrelak will represent Edmonton at the Union of Alberta Municipalities convention which opens in Medicine Hat tomorrow.

The two-day session will be highlighted with discussions on health grants paid cities, education costs and the new provincial county act.

**Fitness Program
At McCauley**

A keep-fit program for the members of the McCauley Community League will be held in the hall this winter at the same time as it plays school for pre-school age children.

All mothers wishing to attend the school are asked to contact Miss Jackie McMahon, health and recreation leader at the McCauley Community hall.

Nearly 250,000 people visited Edinburgh for this year's Edinburgh festival; about 400,000 tickets were sold.

New Norway Residents Protest Oil 'Aggression'

Wataskiw, Oct. 4—A campaign of guile against New Norway residents of Edmonton.

They are protesting that the "unwarranted grab" act of Camrose in claiming all of New Norway's oil fields.

Only 2 Convictions In Record Session

Other 46 Charges Include Withdrawals and Dismissals

The longest police court docket in months produced a record low of only two convictions this morning.

A Vancouver woman pleading guilty to vagrancy was sentenced to time spent in custody (eight days) and an Edmonton man was fined.

All other 46 charges were remanded, withdrawn or dismissed. Alex Skarlicki, charged with that of having custody of a dog belonging to an Edmonton householder, was acquitted.

Skarlicki was found in Skarlicki's jeep, according to evidence, but Prosecutor Guy Beaudry agreed with defense counsel Stuart Purvis that officials of Western Stockyards Ltd said here today.

He said the charge should be one of retaining stolen property.

NEED WITNESSES

Two accused persons, who conducted lengthy and spirited defense, were remanded to trial to be produced witnesses. One man will be brought from Fort Saskatchewan to testify in support of his claim he was accused with illegal possession of liquor.

James Conley, charged with assault, was released to his wife, but Prosecutor Guy Beaudry opposed this move, remanding Magistrate S. G. Mallie. "The last time he was released he was not in evidence when he went right out and got into trouble."

Conley assured the magistrate he would be no trouble, but the magistrate set \$100 bail as the price of temporary freedom for the accused.

Jury Acquits George Roth

RED DEER, Oct. 4—George Roth was cleared Tuesday in the Superior Court on a charge of dangerous driving resulting from a fatal accident just north of the city on April 3, 1960.

Roth was charged with driving after just 15 minutes deliberation.

Mr. Justice Hugh John Macdonald, Edmontonian, presided here with R. A. Gordon, Ken Lambe, as Crown prosecutor and D. M. MacLean, KC, Edmonton, as defense attorney.

Killed in the accident was Eugene Planz, Regina, a biltchuker. Roth had picked up on the road about two miles south of Lacombe.

Coming into the city from the North Hill Motel, he collided with the front of a truck driven by Chester Black, Red Deer, and planks protruding from the rear of the truck struck Roth's car. One struck Planz in the head, killing him instantly.

Protecting Taxpayers

Opposing the centre project which goes before the Legislature November 1, the Journal newspaper quotes the words of Alderman Hanna as the "central point" of the argument: "It cannot be denied," (Alderman Hanna said), "that we have invested and still are investing millions that the \$25,000,000 project will not return."

The Journal and its alarmists are protesting, of course, that it will be unfair to give tax concessions to the downtown area, while those who have invested still are "making more money" in other words, those who have established interests in the vicinity of the Miracle Mile.

A special and ridiculous argument is being made by local property owners and business men, who believe that the city will be better off if the project will cost the majority of taxpayers.

As a matter of record, the Detwiler project is the only major project in sight whereby the downtown area involved in this plan can be presented as becoming a costly drag on the taxpayers of Edmonton.

It will not eat up money. It will save them money.

Approximately one-third of Edmonton's tax base is collected from the downtown business area.

If the downtown collapses, as it has collapsed and gone to the areas proposed for the Miracle Mile, the downtown area will no longer be a source of revenue.

Cruel and Unnecessary Delays

A 45 year old burglar was convicted in Moose Jaw on Monday of murder and was sentenced to be hanged on January 4.

For three full months and two days, this man must sit in a condemned cell and watch the clock tick, striking away his life.

For 95 whole days, the prisoner must live with the consciousness that each hour brings him closer to the gallows.

This is unnecessary delay, whether from convenience and unnecessary cruelty.

It is an abomination of torture that should not be tolerated. It is a violation of the demands of justice and humanity itself upon its humane and kindly instincts.

But it is also useless.

Canada's system of justice, which used to be commended for its swiftness of action, has now degenerated into this protracted and apparently agony of justice.

Grave Danger Still Lies Ahead

Officials of the federal government are to be gratified upon stating plainly that Canadian exports of speech increasing expenses over a long period of time.

This is not a bridge to the plain fact that Korea is still here and that we must do something about it.

What it seems to be is doubtful at this moment that Russia will only attack the democracies, but in other colors, the situation is such that we continue to hear her satellites against us.

The situation in Communist China, for example, is most dangerous, although Germany is a pile of dynamite.

In fact, whenever the Suez control is

high revenue to the city and the home-owner and small merchant in other parts of the city must foot the bill.

Such taxes will operate the city must be derived from somewhere. If the downtown area loses its ability to pay, the taxes of home-owners will inevitably go up.

There is no possible escape from that conclusion and when the Journal and Alderman Hanna try to prove otherwise, they are attempting to deceive Edmonton taxpayers.

The Miracle Mile will relieve the downtown area first, because it will remove a depression and useless vacuum in the city's centre, which is both costly and ugly, and, secondly, because it will provide that parking space which has become essential to the transaction of retail business.

Easily accessible parking space is calculated to be worth \$16,000 per car space per year to downtown merchants.

The parking space made available in the Miracle Mile is comparable to a free gift of \$16,000 dollars every year to these merchants.

Instead of being a rival to downtown merchants, the Miracle Mile will be their salvation.

Instead of being a burden on Edmonton taxpayers, it will relieve them of a tax burden.

The downtown centre project is not unfair to those who have invested money in Edmonton.

On the contrary, it protects their investments.

regular procedure.

Once upon a time, Canada used to follow as closely as possible the ancient English custom of trial by battle, no more than three clear Sundays should separate between sentence and execution.

Under this rule, condemned persons were not left to taste death a thousand times in their imaginations before they mounted the trap.

But the system has become tangled in red tape. And murderers must mentally rot their cells for months before the final day.

Ottawa has been queried on this report, in view of the execution of murderers and it has replied that sufficient time must be given for appeals and the review of evidence.

Three weeks should be enough for any appeal. It should be enough for the most scrupulous and conscientious of the department of justice was on the job.

MARCH OF SCIENCE

Coffee Bean Furniture, Peat Records Coming

Furniture from coffee beans, music records from peat, and stabilizers against sea-rotting ships are but a few of the latest inventions from the workshop of science. Throughout the world, inventive minds are constantly thinking up new devices.

The Russians, worried by this boom in the Western Hemisphere, have sent industrial spies to gain possession of as many of these new products as possible.

Surplus stocks of Brazilian coffee have in the past been a constant source of irritation to planters and exporters elsewhere—so it will be remembered that during the war-time shipping shortage, coffee beans were often used as fuel. Now, however, technicians recently pooled ideas, and the upshot of their experiments is a new process of carbonizing.

The beans are converted into a tough "mass" by the addition of another substance, and the agitator simply pressed them into shape.

Experts maintain that "coffee wardrobes" and similar articles could easily be made with their wooden counterparts.

Gramaphone Record

Part II

Dr. Karl Wahn, a noted chemist, has developed a new raw material for gramophone records.

Discs made by him are much longer span of rotation, and an improved sound reproduction. What is more, production costs are reduced to be lower.

The basic material is ordinary petrolium.

A German inventor has introduced a furnace which can be used to burn coal without heating.

This will mean a slash in the electric bill.

In his calculations, the technician found that at 100 per cent of an iron's heat was lost through the whole body of the implement, becoming hot and ready to be lowered.

Such a fusion cuts out all danger of explosion, and the gas mixture is still 2000° caloric units per hour.

The basic material is ordinary petrolium.

Germany claims his gas to be so efficient that frequent gear changing will be unnecessary.

And a half gallons of water six pints of acetone produces will be, says power a vehicle for 80 miles, and reduce the fuel costs by two-thirds.

The struggle against war and hate must begin within ourselves with a true love of our fellowmen, regardless of race or creed, if we expect to make progress on the world-wide front.

We franklin wonder how man can control himself on a community-wide basis. If we, as individuals, can control ourselves, then, in our nation, how can we expect nations to live side by side in peace and harmony?

Racial Prejudice

Editor, Bulletin—Western civilization, Christianity and decency are struggling for their very existence. The only way to stop the likes of Hitler is to stand up and fight.

And the only way of meeting this hazardous situation is through adequate and constant defense.

When the Korean War broke out, Ottawa was faced with an annoying and difficult decision.

The changed federal viewpoint has tremendous significance.

As we look about us today, we wonder if man has controlled his basic instincts in any way whatever. If he hasn't we merely put a "civilized" coating on the necessities of life under the guise of "supply and demand".

British Actor Guilty Of Cheque Passing Charge

VANCOUVER, B.C., Oct. 4.—(UPI)—A British English actor, William E. Blackett, was convicted yesterday of passing a \$27 worthless cheque in Vancouver and remanded until Friday.

Magistrate W. Matheson suggested the handsome actor, charged with passing three worthless cheques in a downtown hotel and the bank of Montreal, "locked up".

Defense counsel George Crux told court his client had been "a playboy all his life and had no business experience."

Blackett, son of Lady Charles

Hobhouse of London by a previous marriage, was brought back to Vancouver from England on August 12. He is free on \$1,500 bail.

The handsome, 30-year-old English actor said he was not guilty and that he had admitted writing a \$29 cheque for a bottle of milk. He said he had failed to obtain a refund on an airline ticket.

He said he had used that money to cover Blackett's three cheques had been deposited in a London branch of the Bank of Montreal.

Defence paper is recalled from its device of a foot's cap and bells originally used as a watermark.

Directions for Planting Tulips

Tulips should be planted before frost hardens the ground... plant them usually extends to the middle of October... some pre-mix compound should be dug in around the roots... the best method of planting is to take the top 5 inches of soil and set it in a dog hole... level surface the bottom 5 inches of soil and set the bulb in... level surface with a ram after spreading loose manure or superphosphate over the top soil that was originally removed. In many regions it will be necessary to add a mulch of straw or manure... if the soil is adverse, necessary, it should be covered until the surface soil is frozen solid.

U.K. Grits, Tories More In Accord

Old-Line Parties Seemng To Unite Against Labor

LONDON, Oct. 4—(CP)—The Conservative Party appears to be the favored suitor in Britain's political "eternal triangle."

Russ Built Jet Planes In Shanghai

HONG KONG, Oct. 4—(CP)—A confidential but reliable report from Shanghai said today that fast, new Russian-made jet fighter planes are operating from Hungtung field, third Shanghai airport to be put back in operation by the Chinese Communists.

Hong Kong was the home base of retired Maj.-Gen. Claire Chennault's civil air branch before the Communists seized Shanghai. The reports identified the Russian planes as Yak-15 single seat fighters. Further information had called them Yak-16.

OTHER TYPES

(The authoritative Jane's All The World's Aircraft) lists the Yak-15 as the first all-Russian jet aircraft. It was developed in 1946 by Alexander Seregovitch Yakovlev. The Yak-15 was developed in 1944. Jane's says, it gives no performance figures or other details of the Yak-15. It does not have a Yak-16.

These Yak jets, flying daily over Shanghai, are reported as having a top speed of 550 miles an hour, but the report did not say if the estimate was made by a trained air observer.

The Chinese Communists said other Soviet-made jet aircraft, apparently operating from Hungtung, also have been seen over the city. These include bombers and many fighter-bombers.

Since there have been two main developments:

1. A general election last Feb. 27 left the Liberals in second place with 2,250,000 vote, cast for Liberal candidates in the 1945 general election, plus on their count doubled and made electoral strength. Formally, at least, the Liberals spurned them.

The flirtation started nearly two years ago. Conservatives and Socialists had agreed to support the party with 2,250,000 vote, cast for Liberal candidates in the 1945 general election, plus on their count doubled and made electoral strength. Formally, at least, the Liberals spurned them.

2. The Liberals appear to be definitely supporting the Conservatives.

The last development doesn't mean that Liberal Leader Clement Davies and Conservative chief Winston Churchill are now in alliance. It does mean that the next election comes. It does mean that the party is in alliance, it won't be with the Labor.

MORE SUPPORT

Mostly all observers profess to detect signs of a growing trend toward Labor's side. The feeling was strengthened during the crucial division on iron and steel nationalization, which the Conservatives agreed to present to the next election comes. It does mean that the party is in alliance, it won't be with the Labor.

The resolution said, "This conference gave Prime Minister Attlee the go-ahead to proceed with his plan to nationalize the iron and steel industry."

2. It increased the numerical strength of the left-wing group on the party's executive.

3. The conference demands got unanimous acceptance of private enterprise that private enterprise's profits be cut.

4. party leaders suffered defeat on their party's decision of freezing wages.

A resolution calling for wage increases, especially among the lowest paid workers, was defeated. The reduction and reduction of manufacturers' profits was shouted through unanimously at the party's annual conference.

5. The party's executive committee reluctantly accepted the resolution which is binding on the party. In theory, it binds the government too, since Prime Minister Attlee and his cabinet are members of the executive.

Since February, 1948, the government has held to a course of holding down wages and profits as the way to bring economic recovery and prevent inflation.

As prince of the Saltee, I may find good reason to look like a rugged little king," he said with a smile. In any case, he added, it was his intention of forming a trust in support of his title and establish it on a hereditary basis.

He hired a boat at Westford and made for the Saltee Islands, seven miles off the south coast of Ireland, for the first time as an acknowledged prince. The proof of his title was his coat of arms and his heraldic shield.

Heads of state and the department of justice for an alleged motoring offence. It was addressed to Michael, Prince of the Saltees.

"At last I seem to be winning," he remarked.

TROUBLE OVER TAXES

But he was wrong. His troubles were just beginning. The local authority in County Westford refused to accept him, demanding taxes for trade, poll tax and other services.

Noelle challenged the claim. Any amount he was ordered to pay would be provided by himself and anyway, his island was outside the republic's territorial waters.

That was the end of him.

To assert his princely rights, Noelle left the island and set up temporary residence in Dublin. A few hours later he could not be charged if he didn't live on the property.

But when the county insisted that he pay over £1,000, he stuck to his guns and refused to pay.

Socialists In Britain Not Changing Policies

MARGATE, England, Oct. 4—(CP)—British Socialists yesterday showed in three ways that they intend to remain Socialists:

1. The Labor party's annual conference gave Prime Minister Attlee the go-ahead to proceed with his plan to nationalize the iron and steel industry.

2. It increased the numerical strength of the left-wing group on the party's executive.

3. The conference demands got unanimous acceptance of private enterprise that private enterprise's profits be cut.

Tito Seeks Assistance To Fight Off Drought

BELGRADE, Yugoslavia, Oct. 4—(UPI)—Yugoslavia is asking the west for more financial aid to fight a drought which waterers here are threatening starvation and unrest.

Reliable sources said Yugoslavia has applied to the International Monetary Fund for a \$100,000,000 loan. The IMF has \$100,000,000 and has made new requests for aid from the United States.

The Yugoslavs have an estimated \$100,000,000 worth of grain, sugar and fat urgently to bridge the food and fodder loss created by the drought, which has affected 10 million people.

The government has reduced the basic bread ration by 10 per cent.

Both the U.S. Export-Import Bank and the International Monetary Fund are prepared to lend money for food relief. But these sources said the circumstances are such that the U.S. Export-Import Bank will not be able to lend.

Marshal Tito's industrialization program is jeopardized by the loss of several enterprises which pay for one-third of machine imports. Both banks, the sources suggested, could lend heavily to cover imports for machinery, while dollars already earmarked for these would be used instead to buy food.

Status Raised

LONDON, Oct. 4—(AP)—Britain and Cuba have decided to raise the rank of embassy to the ambassador and sections of industries in which workers are still paid wages low to enable them fully to meet the government's policy of fair shares.

A break accident Tuesday caused heavy damage to five parked cars on 105th street when the side of a building gave way, scattering its contents on the sidewalk.

Part of the load containing tires and heavy equipment was scattered over the sidewalk.

Amid cheers, Attlee said Labor would "work" according to Socialist principles.

He added: "We have accepted the principle of carrying on a government under difficult conditions and there can be no question of a coalition."

Elections to the national executive committee indicated that rank-and-file members remain uncompromising Socialists. Anuarin Bevan, minister of health and left-wing leader in the government, received the largest vote.

As prince of the Saltee, I may find good reason to look like a rugged little king," he said with a smile. In any case, he added, it was his intention of forming a trust in support of his title and establish it on a hereditary basis.

He hired a boat at Westford and made for the Saltee Islands, seven miles off the south coast of Ireland, for the first time as an acknowledged prince. The proof of his title was his coat of arms and his heraldic shield.

Noelle challenged the claim. Any amount he was ordered to pay would be provided by himself and anyway, his island was outside the republic's territorial waters.

That was the end of him.

To assert his princely rights, Noelle left the island and set up temporary residence in Dublin. A few hours later he could not be charged if he didn't live on the property.

But when the county insisted that he pay over £1,000, he stuck to his guns and refused to pay.

Gambling City Claims Title Coolest City

LAS VEGAS, N.M., Oct. 4—(UPI)—Gambling temperatures in this desert community may soar daily over the 100-degree mark, but the city's claim of coolest city in the world for Las Vegas is unshaken.

The chamber's president, Tom Willis, said he bases the claim on statistics that show one snowfall a year and a half passes in the resort and gambling centre.

"An air cooler or electrical refrigerator is as necessary as most of us necessity here as a kitchen sink," Willis said. "We make our weather."

MacArthur Moves Planned To Enforce UN Decisions

By Hugh Ballie
Exclusive to The Bulletin

NEW YORK. (UPI)—Gen. Douglas MacArthur is awaiting the "early decision" of the Korean Communists to lay down their arms and surrender their prisoners, in response to his demand of Oct. 1. Failure to get a satisfactory response will result in MacArthur moving swiftly and vigorously to enforce his terms.

Nfld. Liberal Is Expelled From Party

ST. JOHN'S, Nfld., Oct. 4.—(CP)—

Premier Joseph Smallwood today expelled Samuel Drover, member of the Newfoundland legislative assembly, from the Liberal party for "an inexcusable violation of party discipline."

In a statement, Mr. Smallwood said "as a result of statements made by Mr. Samuel Drover . . . I have to announce that I can no longer accept him as a member of the Liberal party."

The first hint of intra-party strife in Canada's newest legislature came last night when Mr. Drover, a member of the government with "gross neglect" of his district on the eastern side of Newfoundland's northern peninsula.

REMARKS RETRACTED

Premier Smallwood immediately apologized to the members from the party but later ordered the expulsion statement killed when Mr. Drover was given a chance to speak.

It is claimed that Mr. Drover will sit as an independent in the 28-member house. Party stands before today's development were: Liberals, 22; Progressive Conservatives, five; independent, one.

Army Makes Four Awards

Three Edmontonians and one other Albertan received Canadian Army awards today.

The Department of National Defence, Ottawa, announced Maj. Gen. Matthew Howlett, Somers Peckham, CBE, officer commanding Western Army Command, received the Canadian Forces Decoration with first and second bars.

Lt. Col. George E. Ward, Streh MBE, RCOps, 11352-119 street, was awarded the Canadian Forces Decoration, while Lt. Col. John K. Kravchuk, Royal Canadian Infantry Corps, received the Canadian Efficiency Medal.

Col. Brown, who was receiving an award was Trooper Freeman Arthur Hillman, RCAC, Innisfail, who was awarded the Canadian Efficiency Medal.

City Officer Gets Transfer

Col. E. C. Brown, in charge of Western Army Command administration, Edmonton, has been appointed commandant of the Canadian Highway System, Whitehorse, Yukon, it was announced today.

The 44-year-old army officer, who has been serving in Canada's last post "appointed to command of Saskatchewan area.

Col. Brown will take over his new post in December.

Frustrated rent payers in Hazelton recently threw stones through the windows of the rental control board on three separate occasions.

General MacArthur considers victory over the Communists to be won. It remains for their high command to recognize this fact to avoid further bloodshed and destruction.

Just what form the next operation of the United Nations forces under General MacArthur will take is not known.

I have just returned from Korea, where I saw the devastating consequences of General MacArthur's military action. I witnessed the Korean Communists armies below the 38th parallel.

The smashing success was planned long in advance. Books complete with maps for distribution to all the commanders in the Inchon area were ready as long ago as Aug. 15, but remained unused until a month later, when the ambitious line was launched.

ALREADY PLANNED

MacArthur's military successes were "planned" at the moment. He has no idea of breaking off the engagement in Korea and leaving the Communists to their fate. He is smug in smugness of his call for them to cease hostilities and his own supercilious contempt for the Communists in all parts of Korea.

The next steps he will take are already planned at the outset of the Korean war. Last June 25 the Americans were caught unprepared only because many of the American troops in Korea were not contemplated until the actual aggression occurred.

MacArthur had planned only for the defense of the United States and the safety of the American people from Korea. He was called to the telecon at 4 o'clock in the morning and directed to remain in Korea and not carry out the resolution of the Security Council of the United Nations.

General MacArthur was very much surprised by this directive.

However, he proceeded immediately to utilize such forces as he had available to repel the Communists and to make good his promise to the people of Korea.

Former pastor of Golden Temple, a resident of Edmonton for past 11 years, Rev. Ewald, since his "retirement," has served as visiting pastor to all residents which had no resident pastor.

A member of the ministry of Casanova for 10 years, he is a graduate of the Lutheran Seminary at Springfield, Ohio.

Gen. Walton Walker, commander of the heroic Eighth Army, said some shock troops were as good, man for man, as the Germans at their best. We have seen the same kind of courage and determination as the Communists in the 38th parallel.

MacArthur at first was the only one who had a lame excuse for not attacking the Communists.

At the beginning, when MacArthur was playing for time and doing the best he could with what he had, he had to make a maneuver—but he never had superiority in all the air. That was when he was a student at Princeton, which enabled us to stay in Korea.

When I first visited the front in September, there were approximately 100,000 Americans in Korea. The fighting forces (not counting the air) and the enemy had attacked with 16 divisions, of which

he knew what he was doing and what was going to happen.

He doesn't know what he is doing. Like a chess player, he figures many moves in advance, and then calculates his antagonist's reaction.

At the beginning, when MacArthur was playing for time and doing the best he could with what he had, he had to make a maneuver—but he never had superiority in all the air. That was when he was a student at Princeton,

which enabled us to stay in Korea.

Since reaching New York I have sensed a general feeling that the war in Korea is all over. This is the reason why all the talk that prevails in Korea, unless the Communists see fit, they will not attack again.

General MacArthur is a genius.

He has organized a potent and well-armed army of the people of Korea, and he and his men are driving us out of Korea.

Since reaching New York I have sensed a general feeling that the war in Korea is all over. This is the reason why all the talk that prevails in Korea, unless the Communists see fit, they will not attack again.

General MacArthur is a genius.

He has organized a potent and well-armed army of the people of Korea, and he and his men are driving us out of Korea.

Time Out

By DICK BEDDOS

SPARKS FROM THE ANVIL ... On this last Wednesday in the week the big news in places like New York and Broken Bow, Oklahoma, are a couple of baseball teams named the Yankees and the Phils.

They have also aroused some interest here.

And here is a rapid thumb-nail of James Konstanzy, the Philadelphia relief pitcher who hopes to relieve the Yankees of the first game:

Stands 6 foot-2, weighs 180 pounds. Is 28 years old, appeared in 74 games for the Phils this year, always in a relief role. Won 16 and lost seven. He was a college professor before going into baseball.

The Phabsious Phils are the youngest club in the major leagues and may be wrecked because of that. Their record is 10-12. They are up-draft, a consequence of some shenanigans regarding a chunk of real estate south of Manchuria.

Practically all the first division clubs are for U.S. army service, including Willie (Puddin' Head) Jones, Robin Roberts, Bubble Church, Stan Lopata, Jim Fregosi, Eddie Kasko, Art Ashburn, Del Ennis, Duke Miller, and Ralph Caballero.

They have already lost Curt Simmons, brilliant curveballer who was drafted after he had won 20 games.

THREE DOT STUFF ... Morris Bialik, owner of the Eskimos of the Lone Star State, is a one-man chamber of commerce for a place called Texas, which lies due south of the U.S.A.

The way Bialik tells it, all the players in Texas are one big steer, he could stand with his front feet in the Gulf of Mexico, his hind feet in Hudson Bay and punch his nose in the Rockies with his horns while he brushed the mist off the Aurora Borealis with his tail.

The lamb and also submits that Texas has rabbits with ears as big as tails, can stomp their hind feet so loud the ehoups bounces back from three count-off, can jump two mountains without running out of steam, and can run so fast that they can travel in the opposite direction to the way the world is running and just suddenly stay in one place all the time.

Annals of the Eskimos ... The Eskimos will finish first in the Western Conference if they can whip Regina and Winnipeg this weekend. The Edmonton want that top rank, though, and team is team. It has a big edge in the playoffs, what with the second and third place clubs likely to "KIP" each other off in a sudden-death semi-final.

Staunch Eskimos ... Dr. Gordon Tucker finds Dr. Doug Dr. D. Sinclair, dean of the University of Alberta's agriculture faculty, who was laid to rest in his eternal resting place yesterday. ...

A quiet good evening to all, especially Dr. Dr. D. Sinclair, dean of the University of Alberta's agriculture faculty, who was laid to rest in his eternal resting place yesterday. ...

Hamilton Calls Juniors ... HAMILTON, Oct. 4—(CP)—Carl Voyer reached down last night to keep readers for two players to honor his all-Hamilton Tiger-Cats.

Faces with the most games played were the two-headed game of Ted Kennedy and Bill Walker, who had 21 and 20 respectively. Voyer called up end and half Walker and half C.J. Cope, from the Tiger-Cat juniors. The two-headed game was won by the Cats. Ross Balbert, a former Toronto Maple Beach lifeguard.

Irvin Chases Canadiens, Goodfellow Set With Hawks

Coch Dick Irvin, a resourceful sort of fellow in hockey, informed a newspaperman that with five-fifteen nail legs he would dominate the Montreal Forum ice-arena. His Canadiens went through their daily work yesterday.

With the legs limped up in a row, Irvin had a new idea and with the rubber around them before shooting at the goal. Players also went along the ice between the legs.

And to cap it off, Irvin had the boys chase each other in and out of the rink, and in and down the rink, before engaging in a half-hour of scrimage.

Vern Kader was dropped from wife to defence and newcomer Stan Maxwell put at left wing, working with Billy Reay and Leo Gravelle. In the meantime, Irvin, the Whiteman Gravelle scored twice. Reay and Maxwell once each. Floyd Curry scored for the team.

At St. Catharines Joe Primeau had a statistician hard at work as his Toronto Maple Leafs split into teams of Whites and Blues, continued their training grind. The

Blues defeated the Blues 8-7, and Stan Maxwell, Ted Sissons and Sid Smith showed up best. Performances were reckoned as near perfect, goalies being given an "A" against each line. The Kennedy-Sloan-Smith line scored six and had one scored against them.

Next best were Fleming MacKell, long John McCormack and Ray Timmins, who scored six and had four score against them. Victoria's Benoit and Irvin, and Danny Lyle pulled up last with a one-for-and-one against records.

After the black Hawks closed their North Bay, Ont., training camp yesterday and headed east for the first of a series of exhibition games, the team's first National Hockey league game Oct. 12 at Montreal.

With the exception of MacKell, who failed to pull off his starting line-up, the team will carry five defencemen, headed by Bob Jack Stewart, who will pair with Doug McCullag. Al Dewart

WORKING overtime on left foot of opponent Don Kindred is Montreal meanie Bob Lortie. Fair featured Australian Tag Team match at Stock Pavilion last night, with Tony Coesana and Ivan Kamiroff completing cast.

Heroes, As Usual, Win Melodramatic 'Rasslin'

By Lyall Dagg

"Australian Tag Team," a modern melodrama in three acts, played to a large, and appreciative audience at the Stock Pavilion last night.

Playing to half-filled arenas, Don Kindred of New York and Tony Coesana, Brooklyn, in the starring role, the action-packed thriller typified the modern version of right prevailing over wrong.

Providing that you know the ins and outs of the outs, of a halibut and hamster, the likes of Villains Ivan Kamiroff, New Haven, and Bob Lortie, Montreal, played a hoisting role over most of the 90 minutes the "Tag Team" lasted.

A quick curtain cut the show after 80 minutes when the two blackguards were tossed "bodyily" from the ring.

Kindred and Coesana, however, escaped back under co-conspirators Lortie and Kindred had referred to their dressing rooms.

The lads and also submit that Texas has rabbits with ears as big as tails, can stomp their hind feet so loud the ehoups bounces back from three count-off, can jump two mountains without running out of steam, and can run so fast that they can travel in the opposite direction to the way the world is running and just suddenly stay in one place all the time.

Remember the Portland Buckaroos?

Let's spin the sports sphere: local hockey followers hadn't had a gander at a Portland team hereabouts for upwards of 10 years, previous to the appearance of coach Tony Hemmerling's Eagles at the Gardens last night. A two-time a Portland pack squad came this way in the days of the ill-fated Northwestern circuit.

Tim (Good Hand) Maures, Eskimo half-back, was born at Little Sagamish, Mass.

Reports persist that Ed Thomas, once-upon-a-time junior Canadian in these parts, will play his hockey in England this term. The Coal Branch product was a valiant effort by Spokane Flyers last season. Attilio Bill Lawrence, Jester of the Edmonton night's thrilling 13-10 triumph over Winnipeg Eskimos had not beaten the Bombers this season. Check?

Nestminder Jerry Foddy, a bust with Regina Caps a couple of seasons back, has lined a playing form with Spokane Flyers.

Remember rascie Sebbie Samara? He has reported up to the Toronto Maple Leaf organization from hockey-mad Black Rock is reported to have paid at the rate of \$450 per month by Yellowknife puck enthusiasts last season. He's the ex-Flyer, currently making a tremendous impression in the camp of the Vancouver Canucks at Nanaimo.

Leo Luschini, up-and-downer, had a career faint with Maroons, was used sparingly by Portland Eagles last night. A couple of cracked ribs, a tanning camp sprain, brace him as he travels at full-speed. The injury may cost him his chance to stick with the Coast league aggregation.

North Carolina's Tar Heels used to sing the praises of Calback Choo-Choo Justice. Nowadays the same old adulation is a work overtime promoting Bobbie (Gone-on) Gant.

Whoever dreamed up the current dressing room-figures' room set-up at the Gardens blundered badly when they decided to have the visiting team and the officials pass through the concessions on their way to and from the ice... There'll be nights, when Flyers are taking a thumping, that it'll be necessary to provide a police escort. This we'll call this note.

A recent Toronto Argos gate hit the \$60,000 mark. Wonder who Ken Montgomery, Eskimo treasurer, would feel after a couple of payoffs like that?

For record: New York Yankees will knock off Philadelphia Phils in not more than six games. Yankee club has been in the Bronx since the arrival of the Allis Reynolds the pitching stockout. Bright. Barry Doug Grimstone, current president of the Canadian Shattemac Hockey Association, and Al Pickard, immediate past president of the same organization, will attend the Alberta Amateur Hockey Association meeting, billed for Calgary at the weekend.

At the (not Promoter) Opening and Cecile (Tiger) Goldsmith, who used to refer to some of the former's mascot's cards, no longer are that way.

Memo to "Butch" Larson, Winnipeg Blue Bomber coach in these days of highly specialized football, why not a player whose sole responsibility would be to coach the post-coach on how much he had in the game? ... Tom McRae, Portland Eagles' coach, was unimpressed with what his saw of Sackville Quakers as his gang downed Riley Mullen's crew 4-3 Monday ... Flyer's describes as "a good club."

Entries Come Slowly For Auto Bonspiel

Annual Associated Commercial Travellers' auto-bonspiel is less than a month away and entries are still coming in slowly to ACT headquarters.

The curling-for-classics is slated for October 30 to November 4 and only half of the 128-rink field has been registered to date. All net proceeds will go to the benefit of the cause—the Northern Alberta Crippled Children's Fund.

Leo Johnson, lawyer, Windham, and Simon D'Amato in the TD rink will be back. With him will be back. With him will be a brand new rink composed of Fred Lorne, Wakefield and Al Wallace.

Others to show in the camp will be the Simons, Hilliard, Rees, Johnsons, from Barrie, Bruce. His mates will be Bruce, Harry, Billie, Billie, Carl and H. Erickson. The Faust entry will be skippered by J. McRae, and Billie will put a stone "Pink" ring.

The draw is to be arranged by Gordon Hablik of Olds. All entries can be filed at ACT headquarters, 10709-101 street, Edmonton.

Stukus Tells Touchdowners Eskimos' Style Wide-Open

By DICK BEDDOES

The way Eskimos football looks, Anna Stukus tells it, "all games are won or lost on the other team's mistakes."

The likable Lithuanian said as much yesterday in an address to 180 members of the Touchdown Club.

He was referring to the stunning Regina Roughrider conquest over the Edmonton Eskimos last Friday, during which Eskimos brought upon themselves after Jim Macrae fumbled a last-minute lateral pass from Larry Denby.

"For water, Berry's call was OK," Stukus told the TD parents. "We were kind of stuck for instructions from the men, instructions which were meant to have us play wide open football at all times."

Eskimos introduced several players to Touchdowners, including Morris Bailey, Macrae, Jerry Bissell, Jim Quandam-

The former Toronto Argonaut great, who also excelled in the high-style system of handling a football, said his team had played it that way all season.

"I've paid off up till now," he stated. "We've got seven wins and three defeats and are leading the League, which is pretty good proof of a system maturing."

Regarding Macrae, Stukus pointed out that the Argonauts got late in the game that the Eskimos didn't have time to get the ball back and attempt to move to the end zone.

Eskimos return tomorrow for a weekend of action with Regina and Winnipeg. Doug Pyzer, injured 10 days ago with a rib separation, was scampering around the field Saturday, though only just in against the Roughriders Saturday.

Agnewella, Earl of Valiquette and Don Simon are still sidelined. Valiquette, one of the toughest downtown tacklers this side of the Rockies, is still in his hip, but will likely return to the front Saturday. Simon has torn ligaments in his right knee and isn't likely to dress for either game.

AMONG new forward combinations turned up by Flyers as they downed Portland Eagles 6-3 at Gardens was that of, from right, Steve Witruk, Doug Anderson and Colin Kilburn. Witruk is newcomer to club from Kamloops. Trio combined to account for third Flyer goal. Kilburn was good for pair of goals.

Ray Barry Said Signed By American League Club

Flyers won a hockey game last night, decisively, defeating Portland Eagles 6-3 at the Gardens. On another score, that of where Ray Barry plays his hockey this season, they may have figured a reverse.

According to a leading Pressman out of Sherbrooke, Que., Barry has signed a contract with Hespeler Bears of the American Hockey League.

In turn, this constitutes bad news for Flyers and particularly manager Frank Currie.

Barry probably has been too busy to play last year with a team he signed with two weeks ago to attend a training camp with the Tulsa Oilers.

It was reported that he was returning to the Boston-Herseyka Tuna chain as a normaly. Flyer management had every reason to believe he was wrong.

On the last night Barry said he knew nothing about Barry having signed with Hespeler, as reported.

Barry's last word was, "I have been from Rensselaer before being living in."

Flyers have centre Elmer Hunter and Doug Anderson under contract, third power, Steve Latsos is also trying to catch a place on the team.

Bisons Deal With Montreal

BUFFALO, N.Y., Oct. 4.—(AP)—Bill Mawhinney of Vanier, Canadian Amateur Hockey Association, said yesterday he is ready to qualify for play in the California Open.

Montreal Canadiens' coach Fred A. Jordan of San Francisco.

Sixty-four players with scores

from 100 to 1000 were entered in the first round of the 1950 Peoria Pee Wee tournament.

At the same time, Blons closed out Carol Bond and Ed Marinaro, both of whom had been retained by the Montreal Can team and Bill McNeely has been returned to Sydney Millionaires.

Fight Card At Westlock

WESTLOCK, Oct. 4—Edmonton's Stan Bellamy and John Bartolovics will headline a boxing card to be staged Saturday, commencing at 8:30 p.m.

The card, which has been scheduled to exhibit four men and

45 minutes, will be held at the Hillside Inn.

There are 10 bouts on the card.

Three am. air boxing bouts,

as well as amateur wrestling

matches, will be held at the Hillside Inn and Westlock, and Billie will be the ring girl.

Westlock Boxing and Wre "line club, along with the local YC, will be sponsoring the card.

The draw is to be arranged by Gordon Hablik of Olds.

All entries can be filed at ACT headquarters, 10709-101 street, Edmonton.

School Track Results

Following are results of the track meet held at Clark Stadium yesterday for schools in the elementary group of districts three, four, five, six, seven, eight, nine, 10 and 11.

Normal Smith's father takes care of this chow around the Gardens. But Smith Sr. was not available, so we'll take care of his offspring with results as mentioned.

Whatever the reason, Flyers quickly charged to the front of the race, and last year's winner, Western Canada team, seems to be off its 300s, although it did manage to finish second to the Flyers in the 400s.

Before the period ended, the school read 400, Kilburn adding a 400 of his own, and the Flyers another 400, this time clicking 27 seconds off of play.

At this stage it appeared the Flyers might be beaten, but there came in a big way to the rescue of the Flyers, and the Flyers, starting in the 400s, finished the race in the next 20 minutes, from the 400s to the 800s, to the 1000s.

The coast leapers enjoyed a big day, the final period of the race, and the Flyers, who had been 100 feet off the pace, were 100 feet ahead of the Flyers.

High school girls' 100m dash, Ann Mulligan, 11-1, and 200m, 22-1, and 400m, 51-1.

Had a postcard today from G. C. Stoughton and he must be in the duck hunting grounds.

Picture on the card shows the thousands of ducks almost lighting on the guns of a couple of bored-looking hunters.

Stoughton thinks Elegant Else must be attracting all the bush birds this year.

I don't know about Elsie attracting ducks, Mr. Stoughton says he now complains about funny-looking birds bothering him.

Work Hard, Be Good Advises Old-Timer, 97

At 97, contractor Alexander Josey is still building houses.

In fact, those who helped build some of Edmonton's best known buildings completed their work at the ripe old age of 90, only two months ago. It was a very ambitious project—a house for an adopted stray cat—but the architect, Mr. J. E. Morris, said he could still build a full sized home if he wanted.

A. he can his 91st birthday cake tomorrow, Alexander's oldest citizens give that advice for long and happy living.

With hard work do the right thing in the eyes of the fellow up there who looks after all of us. I've been a good boy all my life and I guess that's why I'm here today.

Other members of his family are McMillan Josey, of Halifax; a third daughter, Mrs. W. F. Foster, Montreal; and a son, 23 grandchildren and 15 great-grandchildren.

BORN IN NS. Born at Spy Harbor, Nova Scotia, back in the days when tall blues from Nova Scotia were queen of the land, Mr. Josey has had a long life.

"Alberta is a great part of the world—but I'd sure like a taste of it," he piece of fresh-caught cod," he said.

The spry old gentleman came to Edmonton from Halifax in 1919. In the course of his life he has made many contributions to the Edmonton skyline, assisting in construc-

SOCRED NOMINATING CONVENTION OCT. 11

Social Creditors will hold a nominating convention Oct. 11 to select a candidate for the forthcoming by-election in the Olds constituency.

Four men and a woman are seeking the candidacy—They are E. P. Foster of Three Hills, former Social Credit MLA for Olds; Dr. J. W. Rutherford, head of Maritime Provinces Association in the name of his daughter, Mrs. G. A. Hunter, at 10952-81 street; Mr. G. H. Miller, at 10952-81 street, where he is a contractor; and Mr. G. A. Hunter, at 10952-81 street, whose son, Mr. G. A. Hunter, is a second-year student at the University of Alberta.

Also present were a second daughter, Mrs. Harold Merrick, and a son, Roy Morris.

Other members of his family are McMillan Josey, of Halifax; a third daughter, Mrs. W. F. Foster, Montreal; and a son, 23 grandchildren and 15 great-grandchildren.

Alta. Boy Scouts To Visit Austria

With the familiar "Hi Anybody," Jerry Wiggins last night really "sent" 900 fans in the second "In The Flesh" presentation of Wiggy's Wax Works.

The floor of the Tree Ballroom, took a beating as feet tapped out the rhythm of some very familiar tunes. From the first strains of the Wax Works theme, "Leave It To

Love," things were in the groove. Even Wiggy couldn't control him and he ended up in the set with a quick vocal.

The crew stayed mostly to the jazz tunes, but got off the best in the country music section, with a Dixieland. Florence Mack supplied some very groovy vocal stylings as did the long, lean, real good guy John Lomax.

He was the water fire extinguisher, packing away the carbon-dioxide frame building, and then inserted the top of the extinguisher.

Packer claimed the made operation easier as the extinguisher can be charged rapidly and the extinguisher quickly refilled with water.

For Class A frame building, he used the water fire extinguisher, for class B, the oil pool, he demonstrated both methods of the water and foam extinguishers, and for class C, machinery and grass fires, he uses tetrachloride from an extinguisher.

SHARING TOUCH

Bill Chisholm, vibes; Jeff Hall, piano; Jimmy Cummings, bass; Dick Taylor, guitar, and Gene Samuels drums provided a terrific show, according to the program.

Along about the third quarter Wiggy once again scanned the crowd with an appealing eye looking for a fan to play with. This time he snuck in the back door just to lissie and loaf. What he came up with was a coloured chap by the name of Jimmie.

The ovation that this boy received nearly tore the roof off the place. His vocal styling of "I Wanna Be Your Girl" was a familiar expression, out of this world. He without a doubt stole the show—Til.

Investment Head Visits Edmonton

Mr. Peter Kilham, Montreal, president of the Investment Dealers' Association of Canada, arrived here this morning for meetings with local investment dealers. He was accompanied by J. A. Kingsmill, secretary-treasurer of the association.

Teen-Agers Ruin Fresh Appearance With Make-Up Now

Beauty experts wonder why it is that often teenagers—who don't need a bit of rouge or lipstick—overload with make-up... while the more mature women—who do need a bit of make-up—leave the stuff alone.

They say the teenagers who take pride of her complexion needs only a minimum of makeup—light foundation, lotion—matching face powder—and prettily lipsticked.

These girls now emphasize heavy makeup—rouge on their cheeks... they know how to use it! that anyway.

Parents advise the teenager to keep and healthy both inside and out—get enough sleep—have a good diet—wash face at least once a day to clean it and prevent pores from being clogged with dust and powder... and keep away from too much paint and perfume... and intensive hair-dos.

DOUBLE YOUR JOY IN WINNING!

Win \$2500.00 for yourself and
\$2500.00 will be given to your church or charity.

\$500.00 FOR YOURSELF AND \$500.00 FOR YOUR CHURCH OR CHARITY

20 PRIZES \$100.00 FOR YOURSELF AND \$100.00 FOR YOUR CHURCH OR CHARITY

Another Big, Easy Kitchen Craft Flour Contest. Double joy. Big cash prizes for you. And the same amount of cash gifts for your church or charity favorite. Such a wonderfully easy contest, too. Just name the picture shown here.

Your church or charity group will want to work together. The more entries the better chance there is of your church or charity getting the money. Think how proud you'd be to have made it possible for your church or favorite charity to receive \$2500 in cash or one of the other cash amounts in the big Kitchen Craft Flour contest. What a wonderful amount of good that money could do!

MONEY FOR CHRISTMAS
And the money you win sure would come in handy right at Christmas time, wouldn't it? Take a good look at the picture. You can easily think of a name for it. Start thinking about it now and get other members of your church or charity group doing the same.

Easy to remember—contest closes October 31
Get a bag of Kitchen Craft Flour from your Safeway Store. Kitchen Craft is made especially for home baking—assures that extra-delicious, homemade goodness in everything you bake.

Guaranteed Better Baking ON YOUR MONEY BACK

It's this an appealing picture! It will be easy for you to give it a name.

Simple rules to help you win

1. Name the picture shown on page 1. Print the name along with your own name and address and mail it to the contest manager of your church or a recognized charity on an envelope with no name or address on it.

2. Submit as many names for the picture as you want. Write all entries neatly to indicate which is your first choice.

3. Photo to be used must be a hand-drawn drawing or sketch. It may be a copy of a picture in a magazine or newspaper.

4. Photo to be used must be a hand-drawn drawing or sketch. It may be a copy of a picture in a magazine or newspaper.

5. Winners will be judged on originality and ingenuity—not on fancy or unusual forms of expression. The more original the drawing, the better chance there is of winning.

6. Drawing must be submitted in ink or pencil in case of ties. All entries become the property of the Safeway Stores and cannot be acknowledged or returned.

7. Winners will be notified by mail about one month after the closing date of the contest.

8. Drawing must be submitted in ink or pencil in case of ties. All entries become the property of the Safeway Stores and cannot be acknowledged or returned.
